

SYDNEY BUS ROUTES

Brief histories from 1925 to the present of the routes and operators of private bus services in the metropolitan area of Sydney, NSW, Australia

Routes & Operators as at 1 January 1980

A work in progress. Corrections and comments welcome – robkit.henderson@bigpond.com

This list shows private bus routes and their operators as at 1 January 1980, shortly before the start of the process to renumber bus routes into the Sydney Region Route Number System. Some comments on the development of bus route numbers in the Sydney metropolitan area can be found under “About” on the main menu.

By 1980 the number of operators had reduced from over 120 in 1960 to fewer than 90. The days of the small, independent owner/operator had effectively disappeared.

Further details of each route are given in the Route Histories. All private bus routes in this list are numbered in the 1925 route number system.
