

SYDNEY BUS ROUTES

Brief histories from 1925 to the present of the routes and operators of private bus services in the metropolitan area of Sydney, NSW, Australia

Routes & Operators as at 1 July 2015

(including routes with numbers in the Sydney Region Route Number System in the Blue Mountains and Picton areas)

A work in progress. Corrections and comments welcome – robkit.henderson@bigpond.com

This list shows private bus routes with numbers in the Sydney Region Route Number System and the Camden “country” series as at 1 July 2015, together with their operators and the contract regions to which they belonged. Since the list dated 1 July 2010, the operators of some regions have changed following the calling of tenders for most of the regions in the meantime. Compared with previously, there is now only one operator per region.

Some comments on the development of bus route numbers in the Sydney metropolitan area can be found under “About” on the main menu. As noted there, routes in the Sydney Region Route Number System include those on the Blue Mountains (an Outer Metropolitan bus region) and in the Picton area (a Rural & Regional bus region). Those routes are mentioned in the “Notes” column below.

Further details of each route are given in the Route Histories.

As the Sydney Region Route Number System applies to both Government and privately-operated bus routes, some of the blank numbers in this list (up to 553) are used by Sydney metropolitan Government bus routes.
